TO : Box Withdrawal of Abandonment

Commissioner of the Patents

Washington, DC 20231 U.S.A.

By facsimile : 703- 872-9306

Dear Sir :

In response to the Office Notice of Abandonment of August 12, 2004 for the reason that applicant's failure to timely file a proper reply to the Office letter mailed on December 8, 2003. It is a great surprise because applicant didn't receive the office letter of December 8, 2003. So that applicant had no way to timely file a proper reply to said office letter and has no evidence to prove the above fact except a filing receipt and an Office Notice of the publication of this case. Accordingly, applicant respectfully requests for the withdrawal the holding of the Abandonment due to failure to receive the Office Action of December 8, 2003 and simultaneously supplements a copy of the above said office letter of December 8, 2003 or continuously examines this case. Sine that there is no responsibility on the side of the applicant, the petition fee is therefore omitted.

Respectfully submitted

HUANG YAO-HSUN

Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
